

## “What happens when metaphysics takes the place of physics?”

Come hear the answer and how it has brought healing to inspirational speaker

**Nikki Paulk C.S.**

*Talk to be held as part of the DiscoveryBound Annual Family Jetty Park Campout/Kayaking Weekend*

**BBQ & Talk on Saturday, April 13<sup>th</sup> 5:00 – 8:00 pm**  
Jetty Park in Cape Canaveral

Nikki will explain the difference between metaphysics and physics and give examples of how it has brought healings to her life. Nikki spent much of her childhood in Denmark and as a teenager she sought to become a pastor, wanting to help and heal mankind. In her search for truth, she was always met with incomplete and unsatisfactory explanations. It wasn't until her future mother-in-law gave her the best gift she ever received, *Science and Health with Key to the Scriptures*, by Mary Baker Eddy, that her life took a radical change, which led to her becoming a Christian Science Practitioner. Nikki now lives in Florida, where she and her husband love serving in their church as Reader and Sunday School teacher.

### BBQ and Talk only
